

# Project day- responsible consumer

Did you know that the textile industry is the second biggest polluter of our planet, after the oil industry?

You can find out some of the facts at today's project day, which will take place over three school hours.

let's start

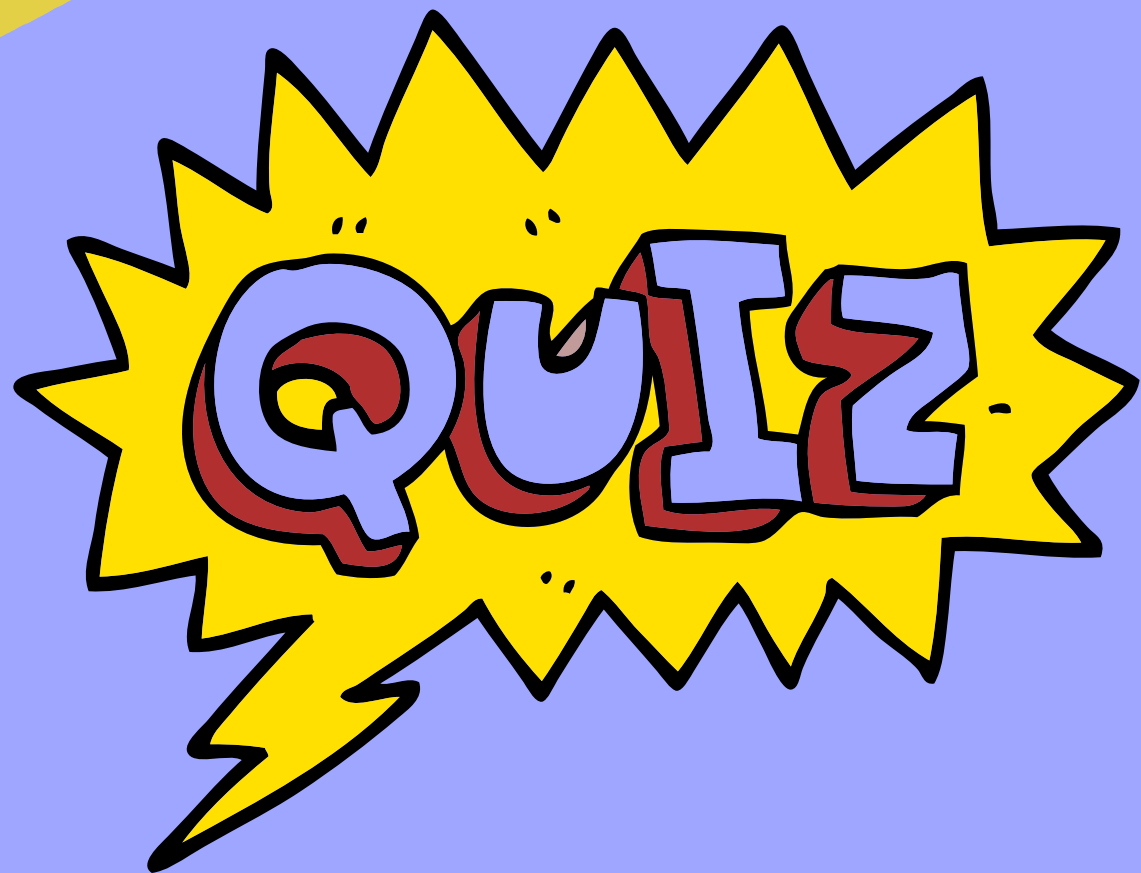

1

In the first part, you will learn about the negative impact of the textile industry on our planet, take a quiz and watch a short film.

2

In the second part, each "open" their own second-hand clothes shop.

The quiz will be held on the Quizziz app.  
Please use your mobile phones to take the quiz.

**open the site [joinmyquiz.com](https://joinmyquiz.com)**

**enter the code 462652**

Once the quiz is open, click on Join a game and take the quiz.

We will watch a film about environmental pollution caused by the textile industry.

How To Recycle Old Clothes | One Small Step

**ONE SMALL STEP**

# What To Do With Unwanted Clothes

Watch on  YouTube

The image shows a woman with long brown hair, wearing a grey hoodie, sitting on a bed surrounded by a large pile of various colored clothes. She is smiling and making an 'L' hand gesture with both hands. The video player interface includes a title 'How To Recycle Old Clothes | One Small Step', a 'Share' button, a 'NOW THIS' graphic, a 'ONE SMALL STEP' logo, and a large white title 'What To Do With Unwanted Clothes' with a yellow underline. At the bottom, it says 'Watch on YouTube' with the YouTube logo.

# Second hand shop

The aim of the workshop is that each group creates their own second-hand shop. You have 30 minutes.

# Getting Started

Your shop needs a name and a logo. You can use these materials:

- Cardboard where you will write the name and draw the logo of your shop. You will put it on the canvas stand in front of your shop.

- A stand for your clothes with hangers where you will hang and display your clothes.

- Each item of clothing can have a tag with a message (optional).

- The mannequin has to be fashionable and attractive to a shopper because it's part of your window shop display together with the logo and name.

# Assign different roles in your group

MANAGER

STYLIST

PHOTOGRAPHER

SHOP  
ASSISTANT

SHOP  
WINDOW  
DESIGNER

# Timetable

## STEP 1

9:10 - 9:40  
working  
in classes

## STEP 2

9:40 - 10:00  
your shop will  
be moved to the  
school's lobby

## STEP 3

10:00 - 10:20  
each group will present  
their shop (the manager  
can do it and can  
prepare the description  
during the workshop). We  
will continue with the  
opening of each shop.

## STEP 4

10:20 - 10:40  
you can walk from shop to shop and pick an item  
of clothing, accessories, a hat with which you will  
participate in the fashion show. In the meantime,  
you can also add a strip of textile to the  
installation which will be displayed in our canteen

Have fun!
